SUSTAINABLE BIOFUELS & LOCAL CLIMATE CHANGE SOLUTIONS

Wisconsin Rapids, WI
DECEMBER 4, 2007

Mid-State Technical College

FEATURING:

**OIL EXTRACTION
TECHNOLOGY DEMO**

**MAKING AND USING
BIOFUELS**

**CONSERVATION BENEFITS AND
PROGRAMS**

ON-FARM ENERGY OPTIONS

Presented by Wisconsin Farmers Union, Great Lakes BioFuels, the Consortium for Education in Renewable Energy Technology (CERET) and Mid-State Technical College

EVENT DESCRIPTION

This collaborative seminar is designed to educate grain and livestock farmers, agriculture professionals, government officials and policy makers, educators and biofuels enthusiasts about the implications and applications of biofuels in today's changing global climate.

Attendees will also learn about the important benefits of conservation programs that help to reduce and offset carbon emissions and hear testimonials from experts in these fields.

EVENT DETAILS

DATE

Tuesday, December 4, 2007

LOCATION

Mid-State Technical College
500 32nd Street North
Wisconsin Rapids, WI 54494

TIME

Registration - 8:30 a.m.
Seminar - 9:00 a.m. to 4:00 p.m.

Pre-register today! Get the latest information on renewable fuels and conservation from industry leaders!

PROGRAM AGENDA

8:30 am **Registration**

9:00 am **Welcome**

Dr. John Clark - Mid-State Technical College
Tony Hartmann - Great Lakes Energy Consulting

9:15 am **Biofuels Process & Biodiesel Chemistry**

Dr. Ken Walz - Instructor, MATC

10:00 am **Homegrown Fuel, Food & Conservation**

Sue Beitlich - Wisconsin Farmers Union

10:40 am **BREAK**

10:55 am **Wisconsin Backs Biofuels**

Maria Redmond - Wisconsin Office of Energy Independence

11:35 am **Biofueled Farming**

Jamie Derr, Great Lakes Energy Consulting & Ag Energy Direct

Noon **LUNCH** (box lunches provided)

12:50 pm **Growing & Processing Oilseeds**

Jamie Derr, Great Lakes Energy Consulting & Ag Energy Direct

1:25 pm **Your Engine On Biodiesel & Straight Veggie Oil**

Paul Morschauer - Diesel Instructor, MATC
Luke Mathews - Prairie Fire Biofuels Co-op

2:30 pm **BREAK**

2:45 pm **The Scoop on BioGas & On-Farm Solar Options**

Dr. Farhat Iqbal, Silica Solar, LLC

3:30 pm **Q&A, Resources and Workshop Wrap-Up**

PRESENTERS

Dr. Kenneth Walz, *MADISON AREA TECHNICAL COLLEGE*

Ken is a diesel instructor at Madison Area Technical College (MATC). He directs CERET and is also adjunct professor at the University of Wisconsin. He has developed new curriculum in renewable and alternative fuels, including hydrogen, solar and biodiesel. In partnership with MATC colleague Paul Morschauer, Ken supervised students from both MATC and UW in the design and construction of a small scale biodiesel reactor currently operated by the technical college.

Sue Beitlich, *WISCONSIN FARMERS UNION*

Sue is President of the Wisconsin Farmers Union (WFO). She serves on several boards, including National Farmers Union, Farmers Union Enterprises, and the Executive Board of the International Federation of Agricultural Producers Women's Committee. She also represents WFO on Gov. Doyle's Biobased Industry Consortium, DATCP's Working Lands Initiative Task Force, the Wisconsin State Technical Board, the State Superintendent's Rural Advisory Board, and the Midwest Agriculture Energy Network.

Maria Redmond, *WISCONSIN OFFICE OF ENERGY INDEPENDENCE*

Maria has rapidly expanded the State of Wisconsin's role in support of all biofuel development. She facilitated and co-founded the Wisconsin Biodiesel Association and even more recently catalyzed the State's ambitious "POWER Initiative—Promoting Our Wisconsin Energy Resources" website and biofuels guide.

Jamie Derr, *GREAT LAKES ENERGY CONSULTING & AG ENERGY DIRECT*

Jamie is the Chief Operating Officer of Great Lakes BioFuels. In addition, he is a Dane County grain farmer, co-founder of the Wisconsin Biodiesel Association, Landmark Cooperative Board member, Wisconsin Soybean Association representative to the National Biodiesel Board, Charter Member of the Wisconsin Carbon Credit Program, and co-founder of the PrairieFire Biofuels Cooperative.

Paul Morschauer, *MATC DIESEL PROGRAM INSTRUCTOR*

Paul has been a pioneer in biofuels education, helping to bring petroleum alternative fuels into the mainstream. His biodiesel work with colleague Dr. Ken Walz has brought statewide recognition to MATC for their innovative Consortium for Education in Renewable Energy Technology (CERET), and Diesel Equipment Technology Associate Degree program.

Luke Mathews, *PRAIRIE FIRE BIOFUELS COOPERATIVE*

Luke is a biofuels pioneer. He was the first independent biodiesel importer and distributor in Wisconsin. He is the Prairie Fire Biofuels Cooperative's chief diesel mechanic with years of SVO conversion kit installation experience. In addition to his full-time duties at the co-op, he is a partner in the renewable waste oil recycling and recovery company, Coulee Regions Biofuels, LLC.

Dr. Farhat Iqbal, *SILICA SOLAR, LLC*

Dr. Farhat Iqbal, President, is the lead environmental & global warming mitigation consultant for Silica Solar, LLC. Dr. Iqbal holds a M.B.B.S degree in Medicine from Fatima Jinnah Medical University, Lahore, Pakistan. She has lived in several countries and has traveled extensively around the globe studying the impacts of carbon based economy on the environment and human health.
